STAT Telephone conversation between Marian Czarnecki, staff House Foreign
Affairs Committee, and [REDACTED] -- 29 September 1970

With Dr. Morgans clearance and approval, Fascell's Inter-American
Affairs Subcommittee wants to hold a closed session hearing briefing on
Cuban submarine base.

State Department and White House advised today that your boss has
been released for testimony on Capitol Hill.

JGO: You said the White House?

Czarnecki: Yes.

But Mr. C wouldn't tell who he talked to at White House.

Want briefing this afternoon or tomorrow afternoon to brief
Subcommittee on submarines.

Talked to Department of State and told them this is the thing we
propose and talked also to DOD. Under impression now there is a clamp
on briefing, but word expected from President's party on these requests
to testify. This morning got call saying State Department representative
is wait until President's party returns. In the meantime CIA boss will be
in a position to testify. They've got to have something. Is it possible in
his schedule as no problems with his release as far as President concerned.

Main Committee room or room 2200.

Mr. Czarnecki said a surprised "You do?" Mr. [] said "Yes."
For them to go back to whoever he talked to at State.

Mr. Czarnecki said why don't you consider this a request and work
